# PARTICIPATION AND CIVIC ENGAGEMENT

# MOBILITY PROJECTS for HIGHER EDUCATION STUDENTS & STAFF OBJECTIVES

## Student Mobilities

expose students to different views, knowledge, teaching and research methods as well as work practices in their study field in the European and international context

develop their transversal skills such as communication skills, language skills, critical thinking, problem solving, inter-cultural skills and research skills

develop their forward looking skills, such as digital and green skills, that will enable them to tackle the challenges of today and tomorrow

facilitate personal development such as the ability to adapt to new situations and self-confidence

## Staff Mobilities

share their expertise

experience new teaching environments

acquire new innovative pedagogical and curriculum design skills as well as digital skills

connect with their peers abroad to develop common activities to achieve the programme's objectives

exchange good practices and enhance cooperation between higher education institutions

better prepare students for the world of work
